

Ourganda's New Year's Resolution

Dear Friend,

Choosing our New Year's Resolution for 2021 was simple.

Here it is: **Help more people like baby Shafik.**

When his mother brought Shafik to our care team, she was desperate and scared. Her precious baby was in terrible pain and fighting for his life. Would the Ourganda team be able to help?

The answer was YES.

- Our team prayed. Shafik's mother prayed, and Doreen accompanied mom and baby on the long, 10-hour trip to CURE Children's Hospital in Mbale.
- The physicians confirmed that his condition was hydrocephalus. He needed immediate care.
- Skilled neurosurgeons placed a shunt in his head to drain the fluids.
- Ourganda paid for surgery and all related costs.

Today, Sharik is back home. He is healthy and pain-free. He is gaining weight and catching up with other kids his age. His mother is thankful. Her prayers were answered.

Ourganda believes that helping people should be easy. Our care teams in Uganda do the hard work so donors here can make an impact simply by praying and sharing.

We love to help people, and we know you do, too. So our New Year's Resolution is to help more people like baby Shafik. Ourganda has spent the last three years meeting needs and creating a blueprint for human flourishing. Our track record proves that when you partner with Ourganda, people inevitably flourish.

Your gift makes the world a better place. Your gift answers the prayers of a desperate mother. Your gift moves people from misery zones to humans flourishing zones.

Every penny will help. **Thank you!**
