## Ourganda Celebrates 4 Years of Amazing Impact

### We started with nothing but a dream—and how that dream has grown!

Four years ago, we purchased an all-wheel-drive van in Japan and had it shipped to Africa. The moment it arrived in January 2018, my friend Dennis Pumford and I were on site in Uganda and officially launched our first initiative.

### Uganda was now Ourganda.

- We made some strategic purchases that transformed the van into a mobile clinic.
- We hired our first four employees.
- We turned them loose to save and extend lives in villages where people found it impossible to get to a doctor or a clinic.
- And of course we prayed.

## Look at Ourganda now!

In the last four years, Ourganda has experienced incredible growth. Today, we:

- Employ 12 Ugandans dedicated to our mission of hope and healing.
- Operate two mobile medical clinics that serve 8,000 people in six villages.
- Equip entrepreneurs to start businesses that lift their families out of poverty.

## Bringing water, health and hope to local communities

With the support of people like you, our team has also:

- Funded water systems in three villages that provide clean water for thousands.
- Purchased water purifying systems that benefit 8,000 people.
- Saved the lives of 20 people (and counting) by funding crucial surgeries.
- Received over \$100,000 in donations and pledges for a Community Center in Bundibugyo.
- Purchased 3+ acres for this center of hope and light in the community.

## Where is Ourganda headed?

- Our micro-business initiative is becoming a movement. Hundreds, eventually thousands, of individuals and families will move away from the brink of imminent financial disaster as their businesses sprout up and their entrepreneurial skills blossom.
- The completed Community Center will be the hub of learning and activity for the 350,000 people of Bundibugyo District.
- Our medical teams will multiply across the district so that, eventually, no one will lack access to medical education and professional care. **Unnecessary death will be a thing of the past.**

## Come grow with us!

With allies like you and the faithfulness of God, we are deeply and radically changing this forgotten part of the world.

**Ron Gladden**  
Ourganda Founder &  
Director

P.S. If you are in a position to make a generous donation at the end of the year, we will be especially thankful!
